CASPER The Friendly Ghost of the Black World:

1) Just thinking out loud here: In recent e-mails, you emphatically stated that those "Eben objects that were displayed [POSTING #15] tried to discredit everything we (you and I) had done prior to that in POSTINGS #1 - #11."

Now, haven't you contradicted yourself by stating that POSTING #1 was Rick Doty in addition to POSTINGS #12 #13 #14 and #15?

By logical extension, had I saved them, ALL of POSTINGS #2 - #10 should ALSO have been Rick thereby making Rick NOT the IMPOSTER, but rather YOU?! Hear me out, I'm NOT that you ARE the IMPOSTER, but I can't help but notice that you've now backed off "my lycos.com address was hijacked" and are now saying that ALL of the POSTINGS are fakes,... what's up with that? Previously, you said EVERYTHING AFTER POSTING #11 was faked.

2) Now you, CASPER (yahoo.com) are admitting that you are not the original Mr. ANONYMOUS because you're now claiming that person was Rick. ("The first post you received from ANONYMOUS traces back....sender was Rick Doty.")

So, now I know yahoo does manipulate (i.e., lie, in that you pretended to be the "old" Mr. ANONYMOUS, but you are now admitting that you are not). Little wonder you couldn't respond from lycos.com -- you're now claiming that was Doty's e-mail address to which you would not have access. No need now for the "hijack" story,... now that you've come clean about that.

If Rick was "ANONYMOUS" for Postings #1 - #11, then are not YOU the IMPOSTER?

3) Through Yahoo.com, I provided sample IP headers, and from that you constructed, developed and presented the argument that Rick Doty sent all of the e-mails, including the first one from ANONYMOUS. Scott and I consulted with top IT security folks via the Dept of Homeland Security, and have accepted their conclusion that, in fact, NO such conclusion can be drawn. A National Level Disclosure effort would have NO trouble insuring that all (sanctioned) e-mails had the SAME IP headers.

I recall that DHS's National Level IT Security Officer provided this statement to me and Scott some weeks ago, though we did not dwell on

it. So our attempt to be clever computer geeks about this was really not clever enough. Therefore, the apparent convincing power of Yahoo's argument does not hold when subjected to sophisticated analysis -- it is not only too simplistic to be right,... it is in fact WRONG.

4) I have strong confirmation that our friendly, portly professor with the fat, stubby little fingers was intimately involved in this process, but YOU don't even sound like him, at least to me using a discourse analysis! Regardless, I'm still going to mail you/him six (6) copies of UFO Magazine to his/your address; no problem.

BONUS: I'm sending you two (2) photos of myself receiving awards at two schools!

Despite Yahoo saying you're not Gannon (probably not true), my and Scott's independent comms with Gannon does not yet rule out the possibility that the original ANONYMOUS (IP address masked) was Gannon.

5) In order to locate and nail THE IMPOSTER, I offered you what I felt was a fair and reasonable deal: Approach Rick PRIVATELY, tell him what's occurred -- that I'm in touch with the REAL ANONYMOUS again -- and if he wouldn't be kind enough to cooperate with the "white hats" of UFO disclosure and please send those three (3) disks to me, so I could forward them to you.

I'm VERY surprised you didn't take me up on my offer,.. why not? As I always tell kids to do, I'm trying to ask you to place yourself in MY moccasins here: Given the lagging and lingering questions, how can I be 100% certain that YOU are the real deal and Rick Doty is the PHONY when in fact the reverse MIGHT be true?!

6) It could well be that you, CASPER at yahoo.com are correct in your scenario, despite your (perceived) manipulative actions. However, for certain, you have NOT proven your case, and therefore to take precipitous action to kill "Project SERPO" on the basis of this admittedly ANONYMOUS e-mail (Burisch cult folks?!) with noticeable HOLES in your logic does NOT seem to me to be warranted.

CAVEAT EMPTOR!

7) If I send out what I have -- and the manner and style I've written it in -- on Rick, it'll FINISH HIM OFF in the UFO community forever. You absolutely NEED to address these issues else what I'll do is simply send what you've written out BUT with a caveat attached "MODERATOR's NOTE" saying that I personally do NOT know WHO is is telling the truth here, WHO the real DISinformation agent is AND who the real IMPOSTER is: YOU or Rick!

In other words, I'll water it down, and let the HUNDREDS of THOUSANDS -- who will read it within hours as it spreads like a huge Santa Ana winds driven firestorm -- of people in the UFO community reach THEIR own conclusions rather than allowing YOU or ME to make that decision for them.

Much like in the e-mail that Scott and I composed and sent you at your private e-mail address in which we gave you NO way out on who you were, I've written this in a way that gives Rick way out; he CAN deny it, but NO ONE will believe him. With so much at stake for him personally, I'm very hesitant to do this especially in light of all the UNanswered questions from yourself and the recent INconsistencies on your part.

ANSWER THEM,... ALL of them.

8) Hey, you know where to find me: The HABIT on N Glendale Ave in Glendale EVERY Friday between 3:30 - 5 p.m. having that "Double char on a plain bun, no lettuce, no onions, no cheese, pickles OK and extra tomatoes," so WHAT are you waiting for,... why not join me?!

SERIOUSLY! After we get through stuffing our faces, we can walk off all of those calories in the tidal basin with the cherry blossoms in full bloom! -

Victor:

My colleagues and I have hurriedly conferred on this issue and have unanimously agreed to provide you with the text of a release for public consumption. You will be free to stream it in any manner you choose, provided that the only clues to our identity are those which we provide and which will be meaningful to a very specific audience.

I will prepare the text and have it approved without delay and send you the copy for final edit and distribution.

Privately, I am not authorized to answer your final question. Out of respect for your efforts, loyalty, and commitment to the truth, I will tell you that there are plans to release information to the American people. Those plans include trusted media sources who can reach target audiences as focus groups, prior to commencing an official campaign of intragalactic Glasnost. I have not been briefed further at this time, except to the extent necessary to know that Mr. Doty is not part of this plan, nor is his information accurate. This does not, however, mean that all of it was false -- we are not alone my friend. But until the blossoms bloom, we must stay focused on the present task.

Our copy to follow with all due haste.

Casper
